1. Comments

*

John is always interesting and enthusiastic.

*

Exposure to music I am not familiar with. Also leads me to research more. New courses: Tchaikovsky perhaps. Love the idea of Beethoven sonatas.

*

He is especially well-prepared. Brings in rich supporting materials. Class well-researched. Always holds the attention of class. Good refreshers and suggestions for music.

*

Starting each class with Spanish music by a French composer was a very clever way of getting into the day's topic.

*

Great teacher!

*

John's language and wonderful vocabulary most please me. He incorporate his broad reading tastes into class and it enhances the material. These classes have expanded my understanding and enjoyment of the music studied and, in fact, all the music I listen to. I love his classes!

*

John Gibbons is a national treasure.

*

Gained more exposure to many composers I'm not very familiar with.

*

We are fortunate to have such a dedicated, intelligent, talented professor. John gives us hours of preparation. The extent of his knowledge is amazing and appreciated. Would like courses re:

-Beethoven piano sonatas

-Scandanavian composers--emphasis on Sibelius

-Tchaikovsky, please!

-Chopin

-Verdi

*

Excellent course
